Technical Corrigendum

No. PPM/DC/22-23/135-138

Sub- Hiring of Service Provider(s) for collection, preparation and parting of coal samples at loading sites of different collieries of subsidiaries of Coal India Limited, Singareni Collieries Company Limited and other coal producing companies and Unloading sites of Power Utilities and thereafter transportation of prepared sample(s) to CSIR-CIMFR Campus at Digwadih (Dhanbad) & Raniganj and its Research Centres at Nagpur, Bilaspur and Ranchi.

Ref. E-Tender ID: 2023_CSIR_155338_1

In response to various queries received from different prospective bidders, Competent Authority, CSIR- CIMFR has approved to provide following clarifications in respect of the NIT referred above:

Sl.	Clause	Description as per NIT	Queries made by the prospective	Response from
No.	No.		bidders	CSIR-CIMFR
1	3.1.4	Self-locking capped metal bottles with RFID tag for referee samples.	Further to technical Corrigendurm_1 dd.04/05/2023 As per the decision of Competent Authority, RFID tags need to be fitted with the metallic bottles with self- locking cap for referee samples. Hence, the clause (3.1.4) of NIT will remain as such. We seek clarity on RFID tags. technical terms RFID is tracking system detected by the sensors, Please share the process flow and also confirm whether SP has to Generate the RFID tags or Simple Barcode as to transfer the sample information field into a barcode tag, further availability of portable handheld scanner / reader availability at the sample storage facility & there are no system interface / integration as we understand. Note. There is technicality difference between RFID tag and the bar code and the cost involvement for both the technologies as well.	RFID Tag (Sticker) will be pasted on the Referee sample (Metallic) bottle. RFID Tag is only required to identify the tampering of the referee sample (Metallic) bottle. Minimum five working/functional RFID reader will be required for each zone.
2	2.B.1.1	The samples shall be submitted within 6 (Six) days of sample preparation for the site located within 500 km from research center and 08 (eight) days of sample preparation for the site located beyond 500 km from research center from loading/unloading ends to CSIR-CIMFR Research Centre or its authorized representative. In case of delay beyond six (06) days/ 08 (days), following	Mode of sample submission not restricted to any one mode. Sample shall be submitted either through speed post, courier and personal delivery, Seek conformation and clarity on sample submission mode.	Sample should be submitted in sealed box(es) to CSIR-CIMFR Labs by the authorized representative of service provider physically within the stipulated time mentioned in the NIT.

Date: 09.06.2023

			_	
6	3.1.10	Service Provider will support CSIR-CIMFR team in preparation of TM sample and determination of total moisture (TM) at site as per relevant IS procedure.	Request to specify the sort of support from SP in determination of Total Moisture (TM) at site as per relevant IS procedure.	The successful bidder has to provide manpower to assist CSIR-CIMFR for determination of Total Moisture (TM).
7	3.1.15	All manpower of SP engaged in this assignment must be on the pay roll/muster roll of SP along with an ID card of the SP.	Supervisor staff shall be under SP payroll whereas samplers category shall be under SP's approved & registered contractor role. Request to clarify	As per NIT.
8	3.2.3	In case the requisite facilities, machineries, laboratories are not available and / or inadequate at the loading/unloading ends, the SP will prepare the samples as per the instructions of CSIR-CIMFR.	Request to specify the protocol with an example in such cases where SP has to prepare the samples is their any additional cost involvement to SP.	As per NIT.
9	2A 6.10	The Service Provider shall not sub-let/sub-contract, transfer or assign the contract or any part thereof.	Samplers category shall be under SP approved & registered contractor. Request to clarify	As per NIT.
10	2A 6.14	SP shall obtain a valid labour license under the Contract Labour (R&A) Act 1970 and other applicable laws. Before commencement of the work,copy of which he shall submit to CSIR-CIMFR. The SP shall continue to have a valid license till the completion of work.	Please clarify whether SP has to obtain Zone wise Labours licenses per the prescribed labours act. Further it contradicts who clause 2A 6.10 which states that SP shall not sub-let / sub contract or any part thereof.	As per Government Rule and NIT.
11	3.4.2.2	Referee Samples shall be kept under the seal of CSIR-CIMFR in the safe custody. The Referee sample will be destroyed after 15 days from the date of submission of analysis results if no complaint is received	As total responsibility of Referee sample custody lies with CSIR-CIMFR so what role does SP have if no complaint received after 15 days.	Service Provider will assist CSIR-CIMFR and will work as per the directives of CSIR-CIMFR team.
12	2A 22.3	Payments shall be made by CSIR-CIMFR on monthly basis after fulfilling all the terms and conditions of the purchase/work order with supporting documents within 45 days, after receipt of bills duly certified by the authorized representatives of CSIR-CIMFR. Bills (in triplicate) shall be prepared by the SP on monthly basis supported by required documents as given in 2. B.4. The payments will be released as per certified quantity of coal sampling by the coal companies and power utilities for loading end and by power utilities for unloading end.	If payment delays beyond 45 days in such case, how SP compensated with the RBI interest rate for the delayed period. In case of payment disputes what is the escalation hierarchy levels. Request to clarify	The project being externally funded (Coal Producer and Power Utility), the fund will be released within 45 days provided all requisite documents are submitted by the service provider after getting authenticated from competent authority of loading and unloading sites and release of funds from the sponsoring agencies.

15	 	We would request CIMFR to increase	As per the provisions of the
13	 _	the permissible limit of document	government provided for
		upload in the e-proc portal from 25 MB	submission of bids in the
		to at least 100 MB. With such low	government portal.
		existing permissible limit of 25 MB it is	government portar.
		not feasible for organizations like us	
		which conducts business with more than	
		500 clients every month. Documents	
		involving Performance certificates,	
		invoices, work-orders and finally bank	
		statements for this magnitude of	
		customers cannot be compressed within	
		25 MB by any means. Either CIMFR	
		should increase the maximum limit for	
		document upload to at least 100 MB or	
		CIMFR should allow other alternate	
		options for document submission. If the	
		maximum limit is not increased then	
		only one or two third parties who deal	
		with single large contracts from limited	
		number of customers will be able to	
		participate in the bid. Third Party like us	
		who has hundreds of running contracts	
		will not be able to upload all relevant	
		documents within 25 MB. CIMFR	
		should seriously consider reviewing this	
		and revert with firm comments.	7111
